## Romance

Romance going along with their sisters  
Love and Fantasy.  
Coming out from a forgotten part of mind.  
Shows up and make Lovers smile and cry.

Romance is the Daydream of Love,  
The pure and mystic shine,  
Hiding in the cruel white black world,  
Bringing gentle melodys and smooth colours in our life.

The romantic fantasy is growing,  
Day by day,  
Like an ever blooming rose.  
The charm of romance is good and strong,  
Never let the prisoners of love go.
