Kapitel 12: Poem to the sea and the love

Poem to the sea and the love

my love is deep
like the ocean
rough and passionate
mysterious and open

my heart is the dark blue water in the deepest underwater canyon
my feelings are the waves above, moving, never standing still
my blood is the beating under water, wild and pulsating

my love is endless, timeless
I'm bound to the sea
bound... till you come
and fill my heart with the heat of the sun

Love's changing
like the waves, but now
my deep heart is yours
You jumped into my feeling,
dived to the deepest canyon
and catches my heart

Now I see the sun again
hear the wind
feel the foam on my skin

I will love the sea all my life
but never so much again, like I love you now
You are my ocean
my waves
and my deep canyon

You are the biggest love in my life

the wind and the sea wisper your name
Elizabeth, they call

My love...
Elizabeth...

...I love you...
...more than a man shoud do...

...clearly so far?!
