## Rape of a butterfly

...and when he fells asleep  
he'll remember love  
in his dreams - so deep  
no word ever spoken  
his soul is dirty  
wings are broken  
the beast has fallen over him  
stamped him down  
rippled and burned him  
splashed his thoughts  
filled with fears  
unknown thinks  
everything worthless  
like everyone...
