

Hinata the redfaced ge-nin

Naruto x Hinata

Von MissLunatic

You know Ino and Tenten, Sakura and Rin-chan,
Temari, Moegi, Kurenai and Tsunade-san.
But do you recall the shiest kunoichi of all?

Hina the redfaced ge-nin
Had a very serious crush
And if she ever saw him
She could'nt do aught but blush.

All of the other ge-nin
Used to laugh behind her back.
But never helped poor Hina
And Naru seemed too dumb to check.

Then one foggy winter-eve
Naruto came to say:
"Hinata with your eyes so bright
will you let me take you on a date tonight?
She secretly had loved him
And the others shouted out with glee:
"Finally you have asked her. That'll go down in history."
