

Falling like an Angel

We are not alone!

Falling like an Angel

Falling like an Angel

I'm falling like an Angel,
Deep into the Sea,
I'm falling like an angel,
Between the two worlds.

And at the End of Time,
I can see light,
And at the End of Time,
There is somebody.

And Together we are falling,
We are falling like Angels,
We fall together,
We fall to deep, blue See,
We fall, to the End of Time,
But there is somebody
And we know,
We are not alone.
