Nonsense

Von Jananas

Kapitel 23: Tribute

Edward

I love you
More than I can say
Don't leave me here
Don't go away

Promise me to be
The center of my life
I promise too
To be your wife

I love you so
More than I can bare
I want my life
with you to share

From here and now.
The two of us.
Forevermore.
In truth and trust.
