Kapitel 4: Never Again

I never meant to hurt you
There's no reason to make you cry
I just want to protect you
To shield you from the beast I am

Know, I will always love you
No matter where we stand
I'll always fight for you
I'll die for you
Before you I will end

No one can change my decision
No one can change who I am
But I'll be there for you
I'll protect you from the demon I am

I promise, I try to never hurt you
There's no reason to hurt you
But I also swear my rage
is **never** sent directly on you

Know, I will always love you
No matter where we stand
I'll always fight for you
I'll die for you
Before you I will end

You seem to be just an innocent bystander when I'm enraged
I swear, I do not hate you
What I've said was simply overthought far too late

*There's a demon inside
It is taking my place*

It's just a problem I have to face all by myself
I promise you, I'll do
Never again hurt you

Know, I will always love you
No matter where we stand
*I'll always fight for you
I'll die for you
Before you I will end*

If there even is an end
